All Gripple suspension solutions are manufactured in the United Kingdom, and have been designed to save you time, money and labour by improving the efficiency of the installation process. Unlike traditional methods, Gripple kits require no on-site cutting, filing or hot works, so offer enormous health and safety benefits for your project.

Our products offer a sleek, professional and discreet finish, without compromising on strength; supplied in ready-to-use kits with your choice of end fixing and wire rope length.

The Angel Hanger

Our latest innovation, designed for architectural lighting suspensions where aesthetics are important.

- Simple one-handed operation for easy adjustment
- Contemporary design to complement the overall suspension
- Extensive range for use with most luminaires
- Suitable for loads up to 15 kg with a 5:1 safety factor, to accommodate a range of suspension requirements
- Supplied in convenient, ready-to-use kits in lengths up to 10 metres as standard
- Uses 1.5 mm wire rope to make the suspension as discreet as possible
- As standard, all kits come complete with the aesthetic 'Top Hat Barrel' ceiling fixing with M6 thread. Other ceiling fixings, eg. Loops, Studs, Magnetic Pads are available on request

Squeezelock

Designed for visible lighting applications with a wide variety of connection options available.

- Complementary, aesthetic design
- Easy, one-handed 'squeeze' adjustment
- Bright, plated finish
- Supplied in ready-to-use kits with a length of wire rope
- Available with a range of connector types
- Extensive ceiling fixing options available to suit most substrates
- Available in lengths up to 10 metres as standard
- Load rated at 15 kg with a 5:1 safety factor

“Gripple Squeezelock kits not only complement the architecture of a building, but are also installed quickly and efficiently”

Terry Whittaker - Contracts Engineer, Weaver's Triangle

Catenary and C-Clip

Create secure, overhead spans by running high strength wire rope between two fixing points. Ideal for applications where no direct vertical anchor point is available. The Gripple C-Clip, an innovative twist-on/off device, allows you to suspend your light from anywhere along the span.

- Visually discreet and lightweight
- Can be fitted retrospectively
- No tools needed to install
- Available in 3 mm and 6 mm wire rope diameters, for suspensions up to 100 kg per span
- C-Clip allows horizontal and vertical adjustment
- Cams lock solidly in place, even at angles up to 60°
- Ready-to-use kit supplied with a length of wire rope and Gripple hanger

“Gripple Catenary kits were quick to install and offer improved aesthetics”

Albert Wood - Site Supervisor, B&Q, Bedford

Y-Fit and Y-Fit Accessory

Single hanger with dual suspension points, which improves stability and centre of gravity.

- Y-Fit is a one-piece suspension, ideal for shorter drop lengths
- Y-Fit Accessory is designed for use with a Standard Hanger kit, for longer drops and increased adjustment
- Ideal for luminaires
- Available with a range of end fixings, and leg lengths to suit your specification

“Very easy to install”

“Ideal for use with a Gripple Catenary System”

Ian Mallinder - Contractor, Tesco, Leeds
